

Narre Community Learning Centre
developing community through learning & support

Early Childhood Education & Development Programs

For children aged 18months—School age.

Little Da Vinci's

a very special time that you can share with your child.

An excellent introduction to a wide range of creative and new tactile experiences that will stimulate new interests. Your child will participate in creative activities that will include painting, drawing, clay, play dough and sand.

Little da Vinci's helps develop language, creative, and emotional skills. It also provides an excellent opportunity to socialise.

To get the most out of **Little da Vinci's** prepare your child by explaining that they will be using the above materials and may get messy but you will be there to help.

Narre Community Learning Centre Inc.
